Kolkman Advocaten voor Ondernemers B.V.  
The Netherlands

In 1985 I achieved the grade "Master of Law" at the University of Groningen. In that year I also started as a lawyer in Emmeloord at "Reinders & Tuin Advocaten". Since 1985 I am experiencing cross-border insolvencies because the office is near the German border.

In 2007 I attended "Insolvency Law" by Grotius Academy. In that year I also attended "Financial Economics" at the Erasmus University

Rotterdam.

In December 1988 I started my own law firm. At the moment there are 6 lawyers and 17 employees of which 6 are insolvency practitioners. In the last 3 years our insolvency division has known a steady development.
