The emphasis of this book is on the more practical aspects of insolvency. Its objective is to enable readers to gain insight into the relevant areas of insolvency practice by tracing the historical development of insolvency law and practice, and by sharing the knowledge and experience of the author and of others. Where there are controversial and developing ideas and practices, the author states his views and critique of the topic, and hopes to stimulate discussion and debate.

Contents

- Insolvency in Chinese history
- Restructuring practice in Hong Kong
- Restructuring practice in China
